

Carbon Literacy Training

In February 2019, Leicester City Council declared a climate emergency. We are working to develop a climate emergency programme of action to reduce carbon with aim of the city becoming zero carbon.

In order to raise awareness through the community of Leicester we are using the Carbon Literacy Project as a way of accrediting university students to become carbon literate trainers who will deliver training to school students to make them carbon literate. This exciting project is being delivered in the 2019-20 academic year.

Please select one training day

University of Leicester

Thursday 13 February 9am-1pm

De Montfort University

Wednesday 12 February 1-5pm

Friday 14 February 9am-1pm

Who would benefit from this project: All students with an interest in becoming Carbon Literate, especially students interested working in schools as the project offers in-school course delivery.

Why participate?

- Gain a better understanding of how climate change will affect you and those around you
- **Fully funded accreditation**
- **Acquire knowledge and skills to develop your own responses to lowering your carbon footprint, and the carbon footprint of others**
- Carbon Literacy is a desirable asset for any employer
- Gain experience delivering a course to school students

Your commitments

- Attend one of the **training sessions** in February 2020 and a **short follow up session** (dates to be confirmed)
- **Become an accredited Carbon Literate Trainer** (fully funded)
- **Carry out at least two workshops training Leicester City school children Year 5 (ages 9-10) or Year 8 (ages 12-13) between March and July 2020** (travel expenses covered)
- Complete **feedback** about your experience

Funding kindly provided by the NAEE

This free project is **free and open to all students**

To book your place please book via [Eventbrite](#) or email amy.peace@leicester.gov.uk
