

~~COP26~~ COP-OUT

The world is on fire! The ice fields are melting. Our weather systems have gone crazy – with floods, droughts, disasters. The clock is ticking. Can we save the human race and protect our planet?

Come to the COP-OUT Event at De Montfort University

World leaders, scientists, experts and climate activists are having their say at COP26 in Glasgow. But, for the sake of future generations, we cannot sit back as passive observers. We need to make it clear where we stand on climate change. We need to be responsible actors and campaigners. We need to have our voices heard. This is a call for students, academics, community groups, concerned citizens and young people to get involved. Have your say! Make a difference!

COP-OUT Event

Hosted by DMU Youth Work Team

8th November 2021

The Venue, De Montfort University

9.30am to 4.30pm

Action Against Climate Change

~~COP26~~ COP-OUT

The **Youth Work & Community Development** team invite you to attend the COP-OUT event at De Montfort University. We are inviting youth and community groups, NGO's and schools or colleges to showcase performances or exhibitions on the impact of climate change or on proposed solutions to it. We are calling on academics and students to submit conference papers. Above all, we want to make a noise and to be heard on the issue. The event itself is intended to encourage further action on climate change. We want to hold international leaders to account but also to promote responsibility and effective campaigning.

To register for the event or to seek assistance from youth workers to develop a performance or exhibition to showcase at the event email:-
