# Data Demographic profile 2025

2025

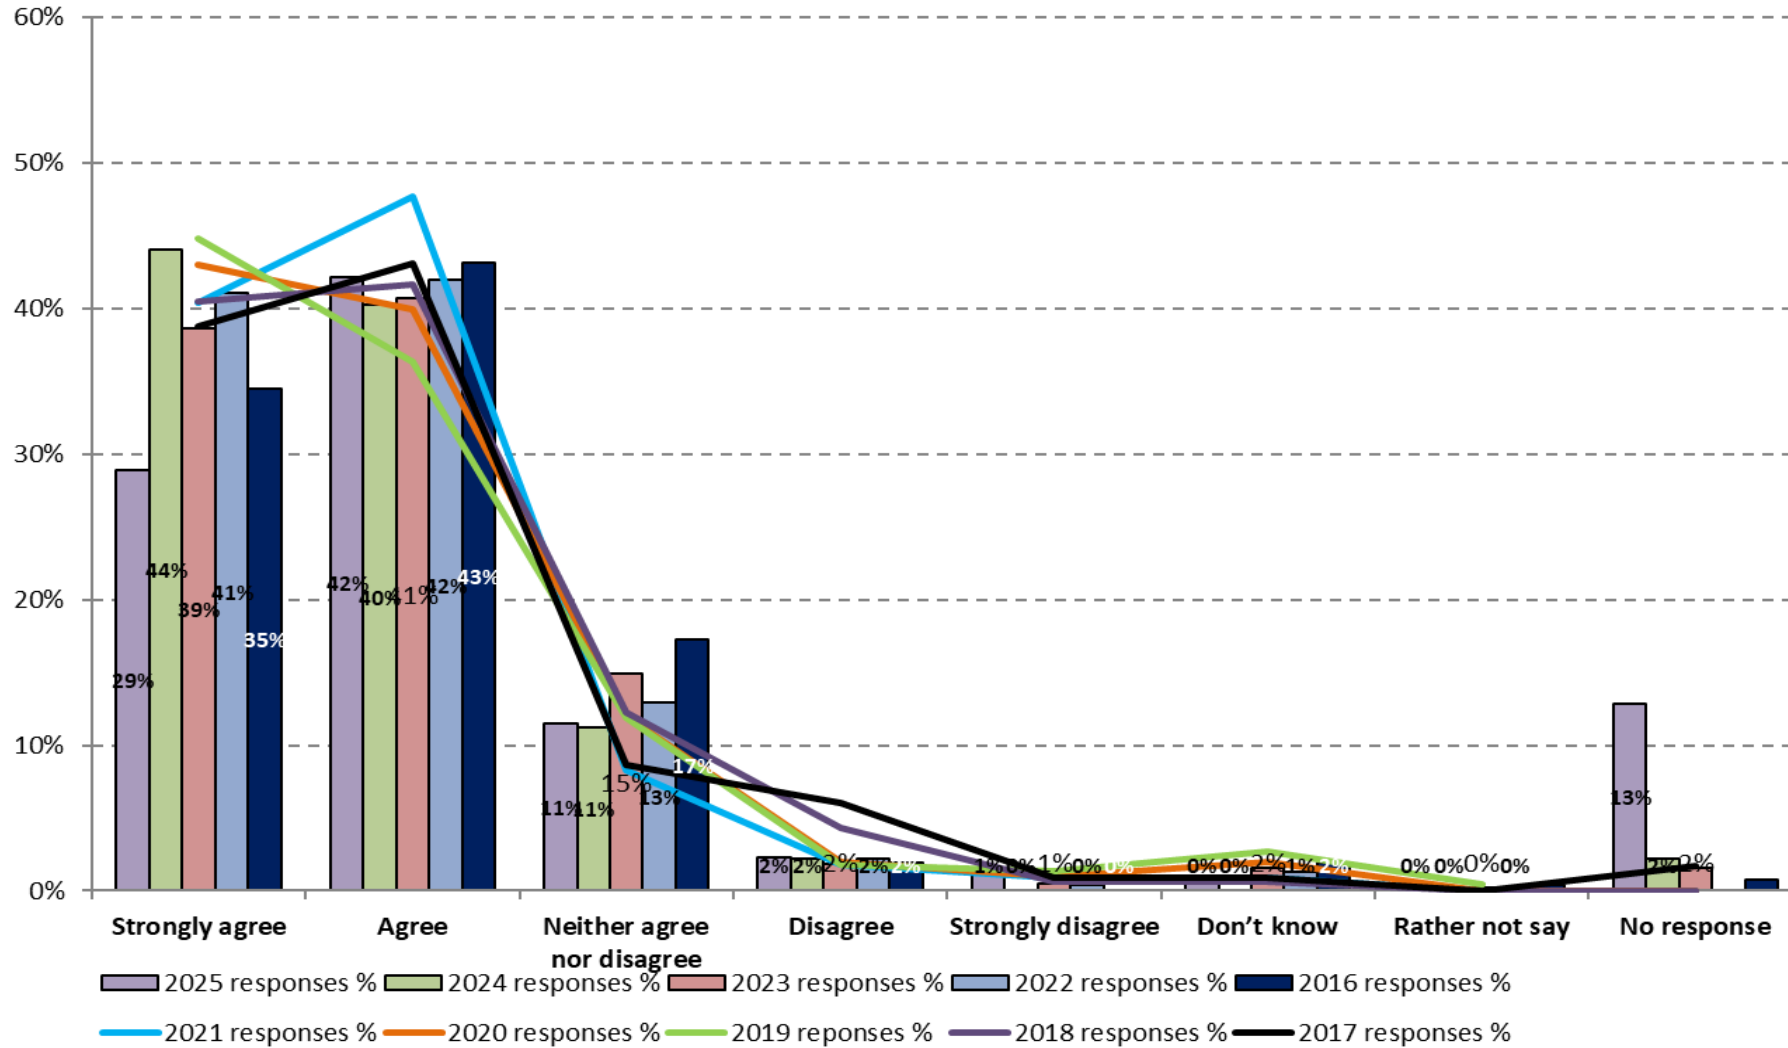

Which year of study are you in?

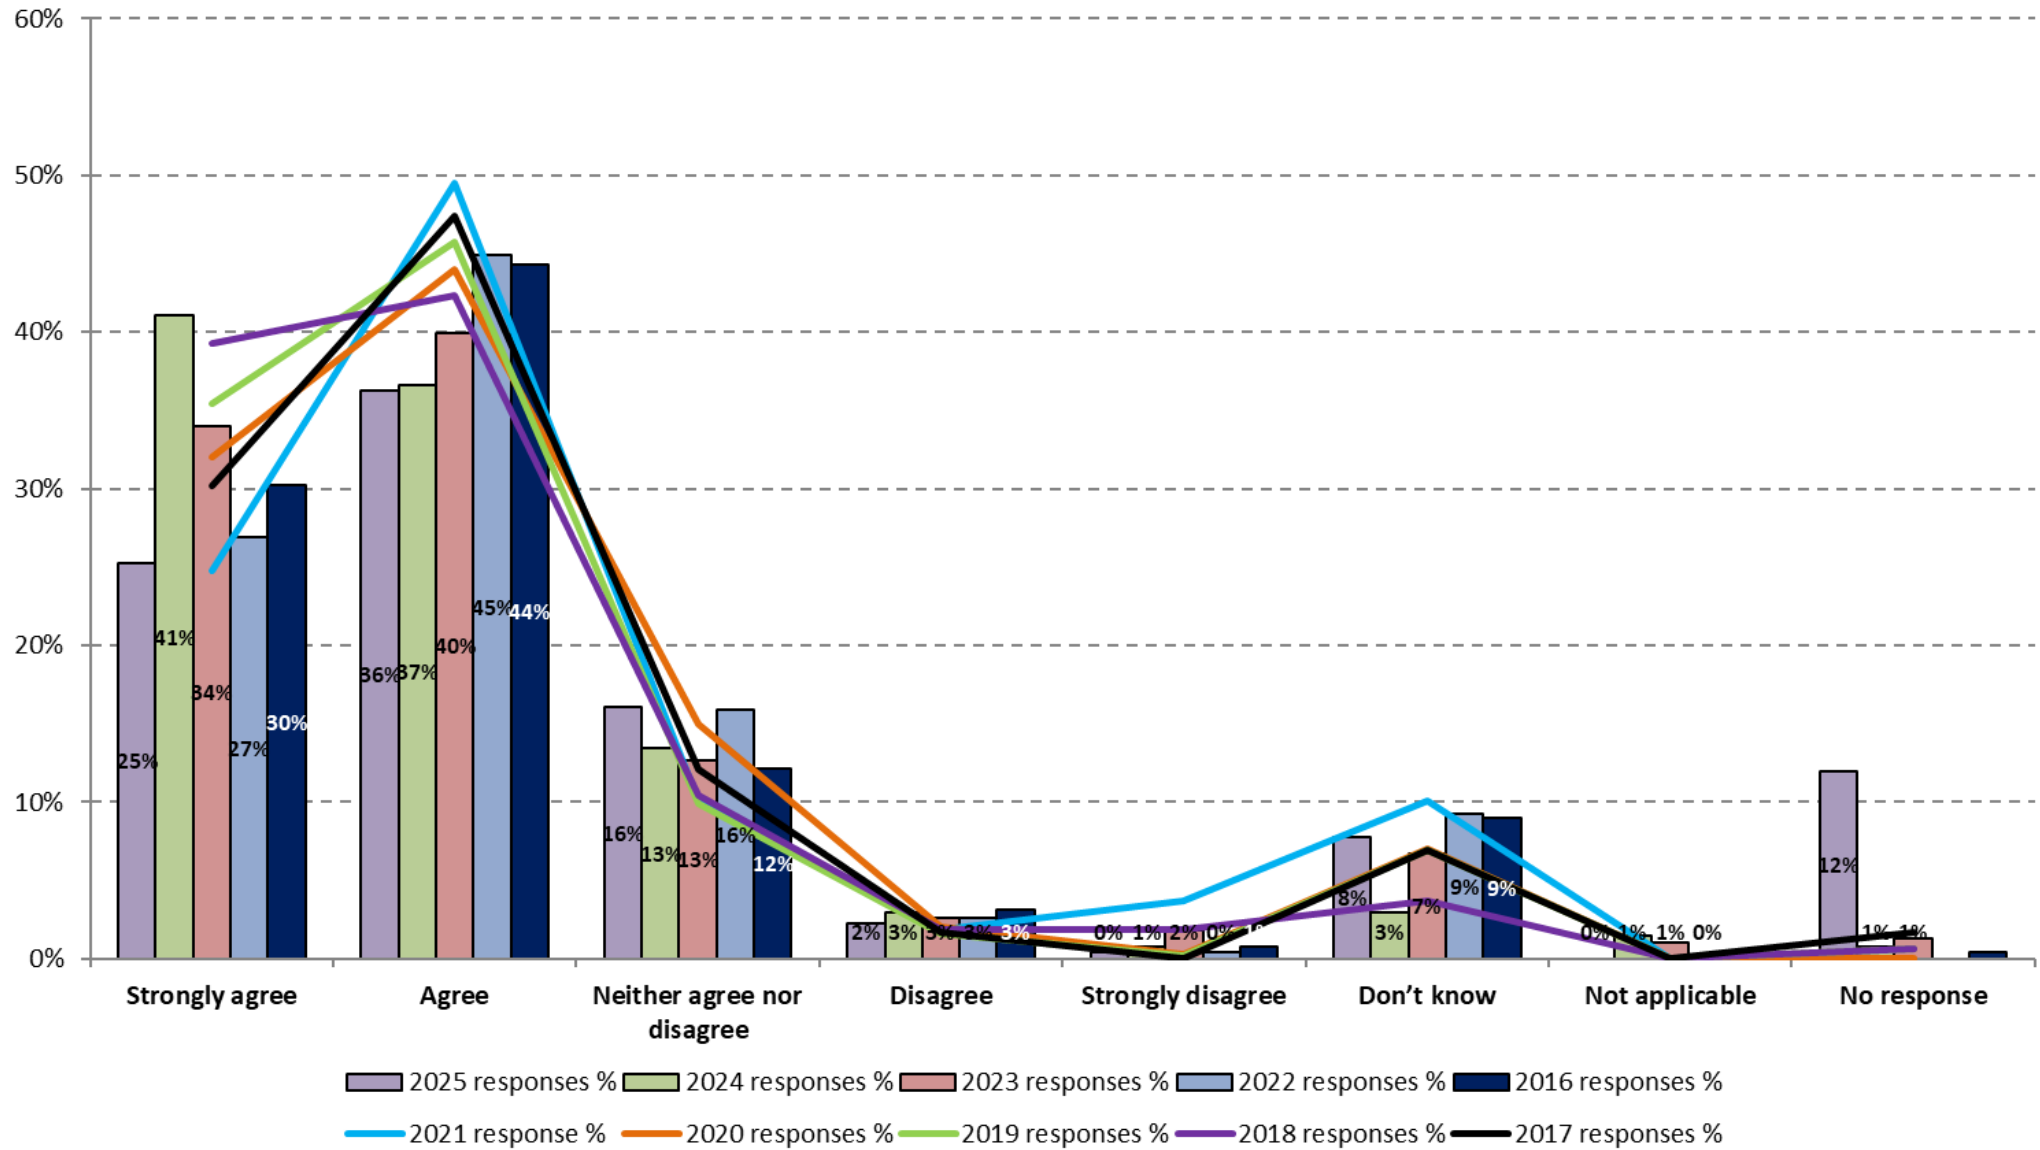

# Sustainable development is something which universities / college should actively incorporate and promote

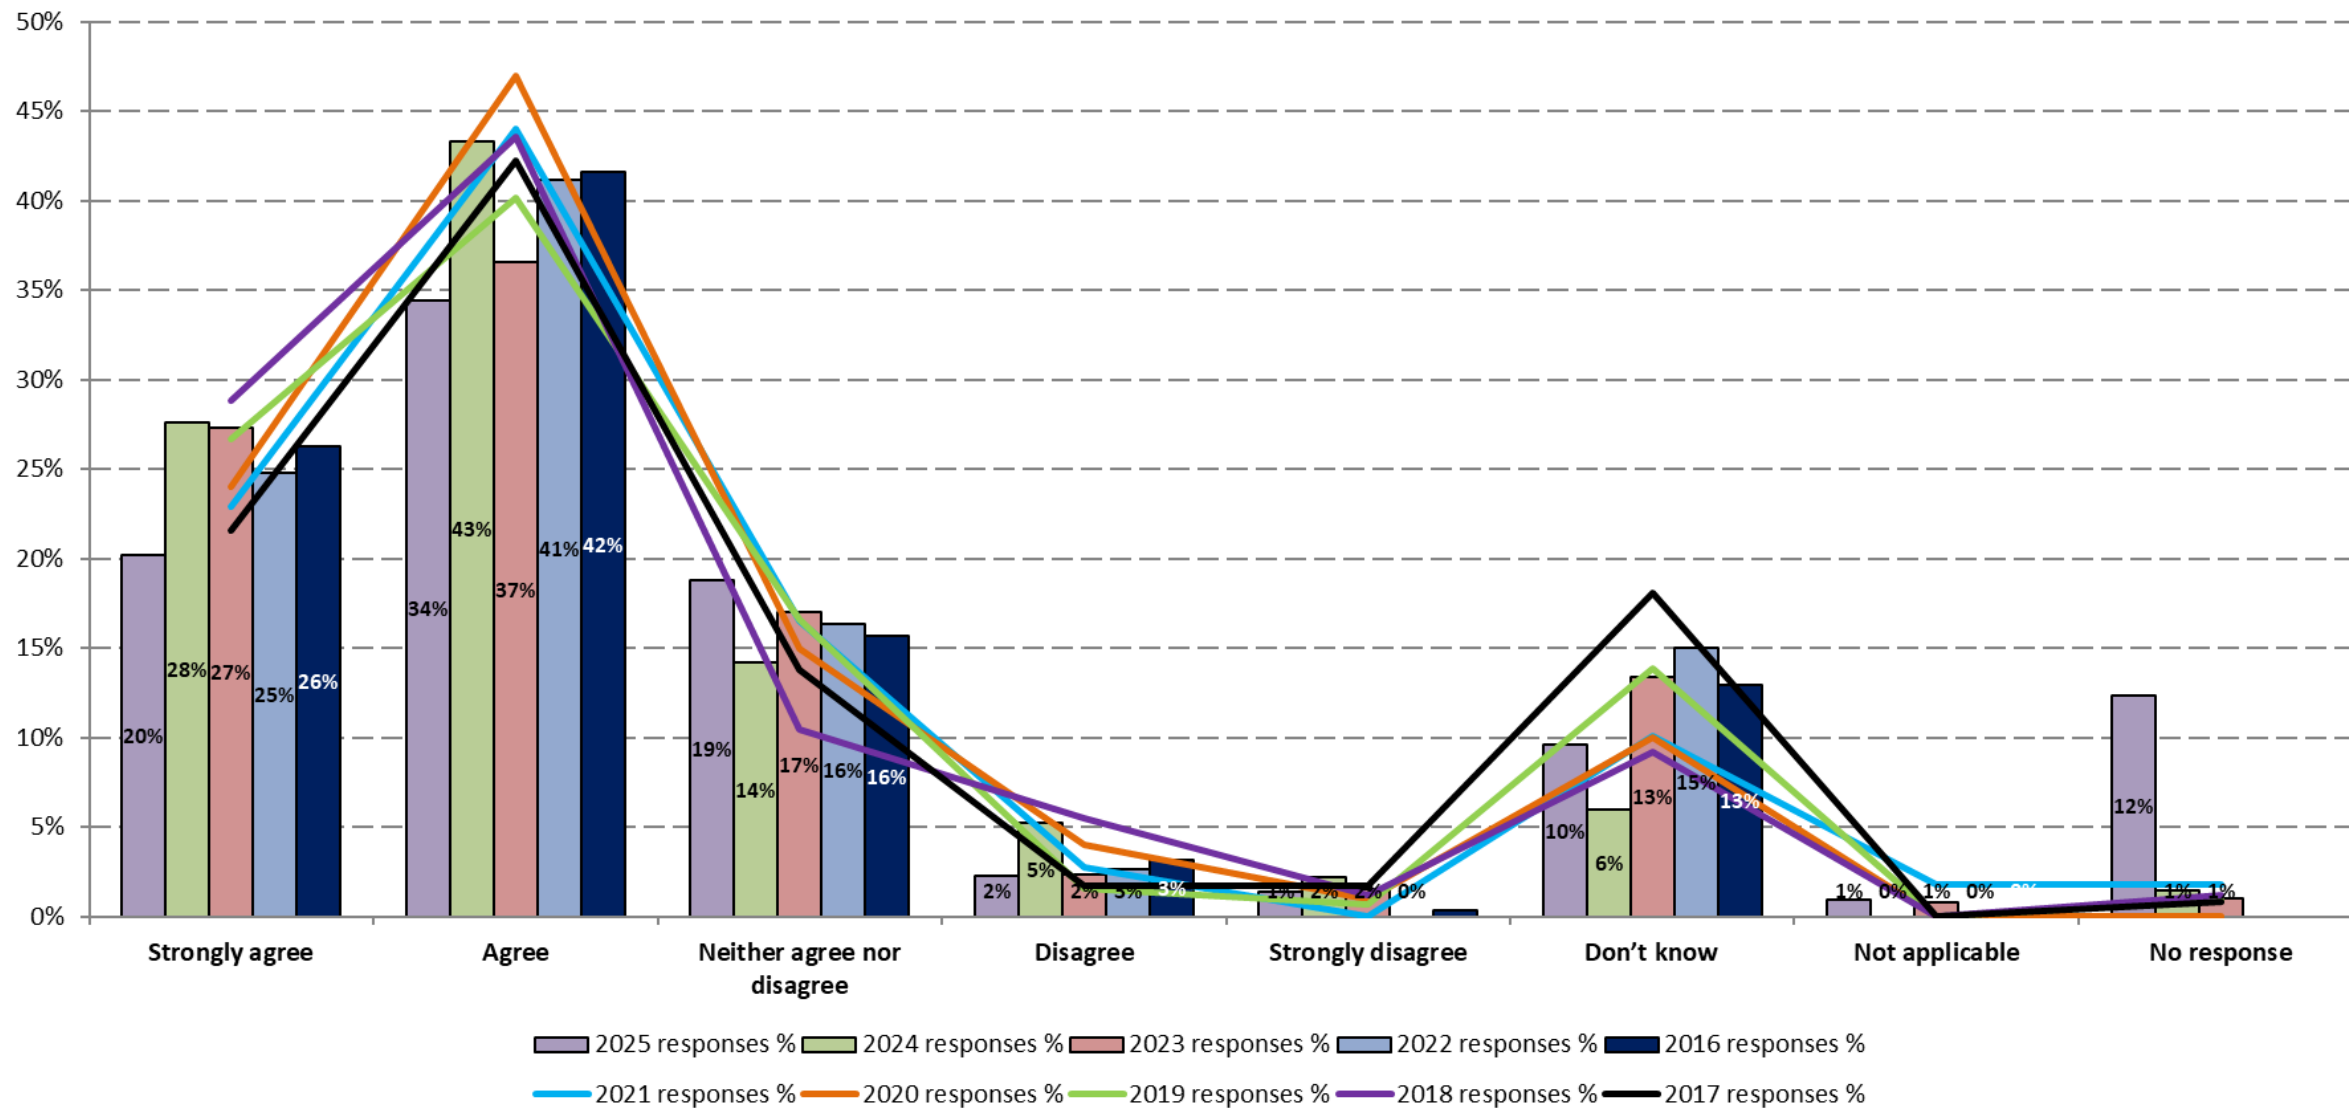

## Sustainable development is something which all university / college courses should actively incorporate and promote

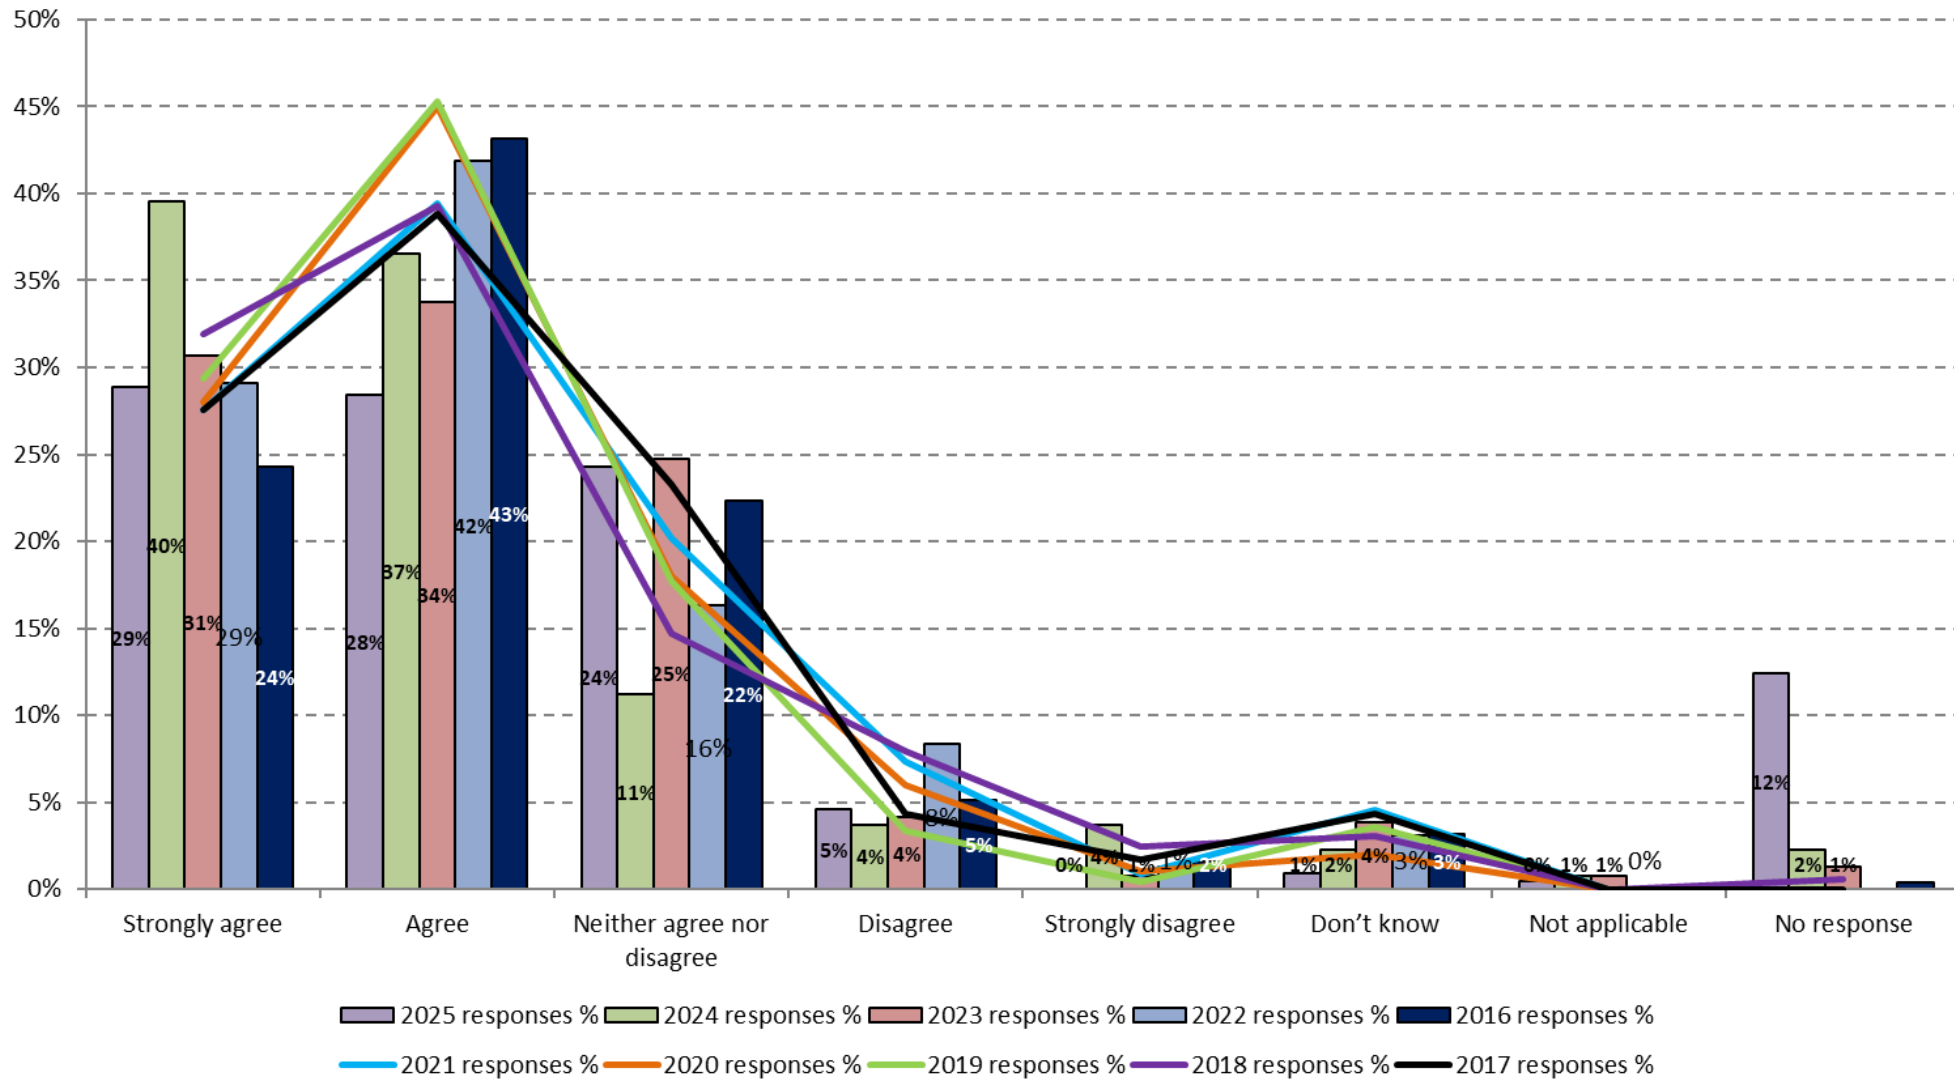

### My university / college takes action to limit negative effect it has on people and the environment

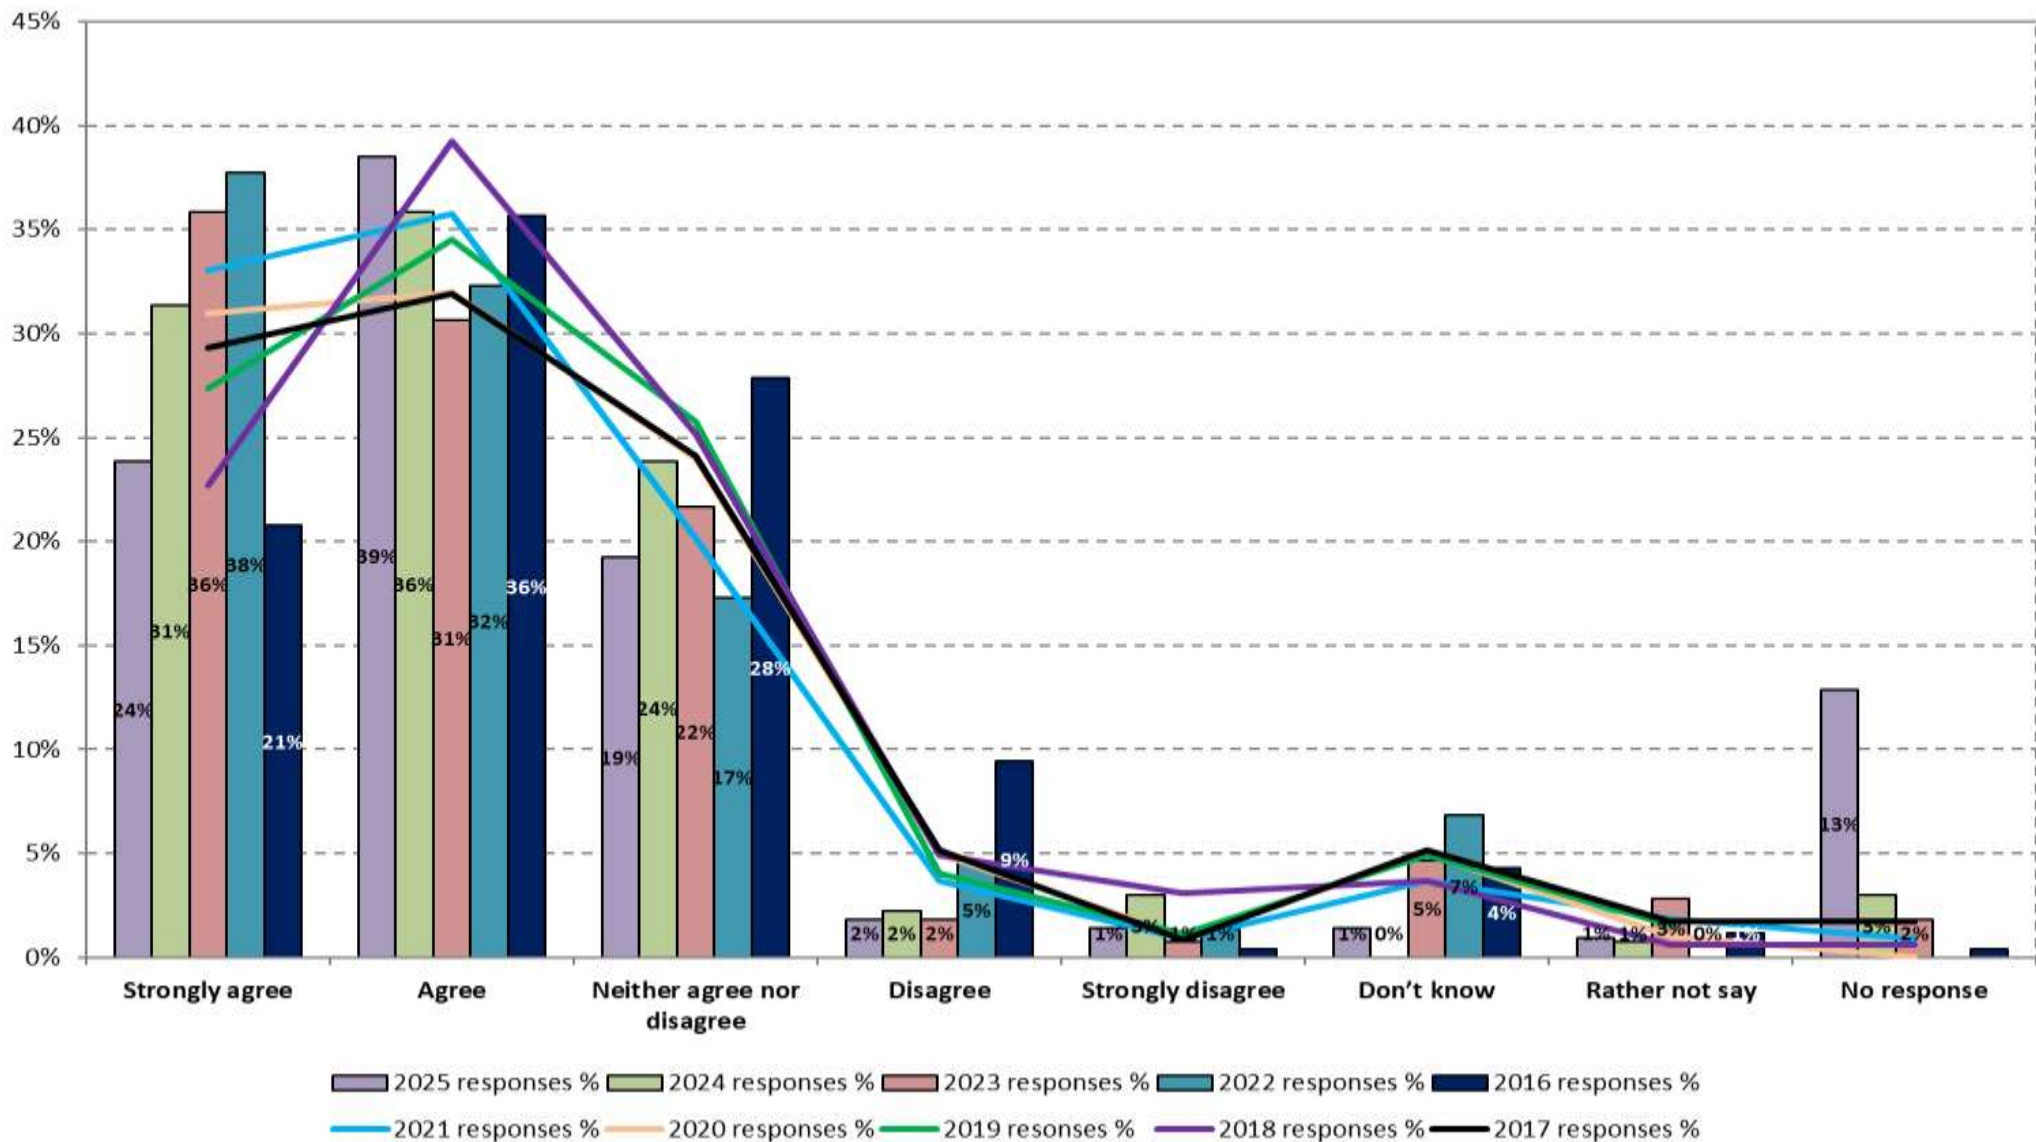

### My students' union takes action to limit negative effect it has on people and the environment

## Being a student at my university / college encourages me to think and act to help the environment, and other people

### Sustainable development is something which I would like to know more about

To what extent, if any, do you agree that universities / colleges should be obliged to develop student's social and environmental skills as part of their course?
